

## WHAT WE DO

Our programs range from full-service online diploma completion programs for youth and adults complete with recruiting, transcript analysis, wifi-enabled laptops, coaching and mentoring, and robust support services, to skill certification packages with tailored support, to courses available to students of any age or interest.

In coordination with local and national employers, we offer work experience and internship programs and job placement. All education and employment programs result in high school credit. We partner with institutions to provide pathways to post-secondary education and career training, complete with preferential enrollment, dual credit opportunities, and early financial aid reviews.

### EDUCATION & CAREER PLANNING

- High School-Age Dropout Recovery Program
- Adult Diploma Program

### SKILL ACQUISITION

Online, hands-on, engaging activities that focus on career-ready life skill certifications

- Employability Skills
- Digital Literacy
- Financial Literacy

### JOB TRAINING

Graduation Alliance delivers a set of industry-recognized credential programs in an online environment. These programs leverage the power of online learning to breakdown traditional barriers to upskilling or reskilling. We offer certification pathways that align with in demand careers such as Certified Production Technician, Certified Logistics Technician, OSHA 10, CompTIA A+, Microsoft Office Specialist, Caregiver Core, ServSafe Food Manager, and more.

## ABOUT GRADUATION ALLIANCE

In partnership with educators, government agencies, and community leaders across the nation, Graduation Alliance provides versatile pathways to high school graduation, fosters college and career exploration, and connects job creators to skilled and ready workers.

Since 2007, Graduation Alliance has partnered with more than 600 state agencies, school districts, community colleges, and workforce boards around the country to recruit, re-enroll, educate, and mentor students. Graduation Alliance also operates The American Academy, an exemplary online high school that is fully accredited by the Northwest Accreditation Commission, a division of AdvancED/Cognia.

## WHO WE SERVE

The barriers at-risk students face typically result from “life issues” and have little relation to individual abilities or skills. Whether battling chronic health issues, forced to support a family as head of the household, or suffering debilitating social anxiety, the students we serve need flexibility of time and place.

Our recipe for success includes setting clear expectations for progress and providing students with 360 degrees of support, including proactive academic interventions, local advocacy to address life barriers, 24/7 tutoring, and dedicated math assistance.

## OUTCOMES

Since inception, we have worked with more than 20,000 students who have completed over 135,000 courses with a 84% course pass rate. In 2020 alone there were almost 4,000 graduates.

Since beginning our adult dropout recovery program in December 2015, more than 8,000 individuals have expressed interest in participating, 644 industry credentials and career-ready life skill certifications have been issued, and 1,800 individuals have graduated with a cost per graduate of \$6,771.
