

ENGAGE ATR Programs - Student Referrals - File Instructions

This document is Exhibit A referenced in the Data Sharing Agreement (DSA)

Instructions

Graduation Alliance (Georgia) prefers to receive comma-delimited CSV files uploaded to our secure file sharing site [as a starting point](#) for new partners.

Actual volume over time and each party's technical capabilities will determine whether API or web service integration will be performed (note this may require additional expense).

Please contact your GA account representative for access to our secure file sharing site. We can create as many login accounts as necessary.

[Our secure file sharing site also supports most popular FTP clients.](#)

Our data specification requires **one row per student, each designated by the student's unique State Student ID. The ID may be** in any alphanumeric format.

While GA will make commercially reasonable efforts to validate phone numbers and email addresses against Do Not Contact (DNC) databases, please do not include records which are known to your organization to be designated DNC.

Please make sure items marked in **BLUE** are included in your file—in particular, missing State Student ID's and invalid phone numbers are the most common reasons for records being sent back for correction and causes subsequent delays in reaching students.

Additional Details:

1. Please use the following file naming convention: "SY2021-22 Engage GA Student Referrals [YYYY-MM-DD].csv", where GA is the name of your academic institution and [YYYY-MM-DD] indicates the snapshot date of the data.
2. To maintain the integrity of the data, the files should be text-qualified, comma-delimited CSV files (preferably UTF-8 encoded). Please use the double-quote character (") as the text qualifier and as the escape character, when necessary.
3. Please provide only a single file with ALL students combined; one record per student.
4. Please upload the file directly into your home folder on our SFTP site.
