

ENGAGE North Carolina Program Standard Student Referrals - File Instructions

Instructions

To ensure a seamless transition of student data, the following instructions will help guide districts on how to prepare student data files. This document is Exhibit A referenced in the Data Sharing Agreement (DSA).

Files provided to Graduation Alliance should be comma-delimited CSV files and would be uploaded to our secure file sharing site.

Your program manager will provide access to our secure file sharing site. We can create as many login accounts as necessary. Please be sure to share who needs a login account with your program manager.

Our secure file sharing site also supports most popular FTP clients. Actual volume over time and each party's technical capabilities will determine whether API or additional web service integration will be performed (*note this may require additional expense*).

There is an additional CSV template document that can be used as a starting point to provide data to Graduation Alliance. However, below is a listing of the data we are requesting that you provide.

Our data specification requires **one row per student, each designated by the student's unique State Student ID**. The ID may be in any alphanumeric format.

Please make sure items marked in **BLUE** are included in your file—in particular, missing State Student IDs and invalid phone numbers are the most common reasons for records being sent back for correction and causes subsequent delays in reaching students.

Additional Details:

1. Please use the following file naming convention: "SY2021-22 Engage [Your Org] Student Referrals [YYYY-MM-DD].csv", where 'Your Org' is the name of your academic institution and [YYYY-MM-DD] indicates the snapshot date of the data.
2. To maintain the integrity of the data, the files should be text-qualified, comma-delimited CSV files (preferably UTF-8 encoded). Please use the double-quote character (") as the text qualifier and as the escape character, when necessary.
3. Please provide only a single file with ALL students combined; one record per student.
4. Please upload the file directly into your home folder on our SFTP site.
5. While Graduation Alliance will make commercially reasonable efforts to validate phone numbers and email addresses against Do Not Contact (DNC) databases, please do not include records which are known to your organization to be designated as DNC.
